# Ralf Bernard Cabundoc

## O b j e c t i v e

To work for an Institution that allows me to showcase and enhance my skills and knowledge while challenging myself to adapt to new skills and processes needed in the workplace. I will demonstrate a firm commitment to your institution and its goals; thus, I am applying with an eagerness to take total responsibility and work as assigned.

## Experience

**2017 - 2018**
Mango Lounge & Estates | Brgy. Bagacay Calbayog City, Samar

**Computer shop Cashier**

Performing opening and closing procedures, reconciling cash at the end of the shift, and preparing daily sales reports or summaries for management. and Hardware and Software Maintenance such as Installing, configuring, and maintaining computer hardware, peripherals, software applications, and operating systems. This includes deploying updates, patches, and security fixes to ensure systems are up to date and secure.

**2023(February 20 - May 13)**
Liteclerk Corporation | 211 V.Rama Avenue Corner B.Rodriguez St. Cebu city

**Internship**

During my three-month web development internship, I gained hands-on experience with HTML, CSS, JavaScript, Angular and Laravel. Working collaboratively with a team, I contributed to real-world projects, focusing on front-end development. I crafted structured web pages using HTML, applied visually appealing styles with CSS, and incorporated subtle interactivity using JavaScript. Participating in code reviews, troubleshooting, and debugging, I honed my skills while adhering to best practices. This internship provided me with a solid foundation in front-end development, enabling me to create user-friendly and visually appealing websites.

## Trainings Attended
